

IN YOUR TOWN: KASSON-MANTORVILLE

IN THE PAST YEAR, UNITED WAY OF DODGE COUNTY HAS:

**POSITIVELY IMPACTED
215 LIVES**

We fight for the health, education, and financial stability of every person in our community in a variety of ways: we collaborate with local organizations, businesses, and community leaders; we accelerate impact by strengthening systems and cultivating leaders; and we participate in a collective effort that empowers residents to create lasting transformations in their communities.

**HELPED 106 PEOPLE
ACCESS HEALTH SERVICES**

United Way works to improve overall health in our community. Physical and mental health are foundational requirements to a high-quality life. When people have good, stable health, they are more likely to be able to earn enough income and pursue their educational goals.

**IMPROVED FOOD
SECURITY FOR 109 PEOPLE**

United Way Food Security grants ensure that Dodge County residents have access to healthy, culturally appropriate, nutritious foods. That way, families' basic needs are met, and children aren't going to school hungry.

**PROVIDED EDUCATIONAL
SUPPLIES TO 150 CHILDREN**

We're providing resources to families to promote learning and development. Our Running Start for School Program works with schools across Dodge and Olmsted Counties to ensure kids have the supplies they need to start the school year strong.
